“Castle Gamer is an exciting new, first person game which I have just discovered and would like to try. I was really disappointed to find that it's only available on the iOS platform due to its lack of a PC release.” MatchesPlay “It's essentially a more focused version of adventure games like Shirkers. You move by drawing a card and read the directions.” Giant Bomb “I like

the idea of a diorama-style game, but it's not quite there." Kotaku "Castle Gamer has impressed me. The premise of the game seems simple and in a good way that is, by forcing you to think about the different solutions to each scenario, a very clever way to differentiate the gameplay."

FRASPERENOW "It's not a PC game or a mobile game, it's a rather nice console port of an iOS game, available on Google Play Store." "Good game, I'd say but I can't honestly say that I have played it yet since I'm still waiting for my tablet to be shipped from the frickin' post office." PC Player "The game is fascinating to play and fast-paced, but there are also quite a number of glitches in the game that may make

What's new in RPG Maker MV - Tropical Island Game Assets:

Elliot's name is on this wall for two reasons: he found a body, and Elliot's name can be confirmed from a witness. I'd bet I know who it is. Plus there's a reward for finding the son of county notorious murderer Geoffrey White, dead and not quite decomposed. I didn't see my father hung next to Elliot. Or, rather, I saw him not hung. And murder was Elliot's specialty. I take another look at the borrowed sword in my hands. I wonder if I could slay Elliot. The dead man's a sheriff's deputy. Now a perfect way to inadvertently make sure Ell's identified is by going on a revenge spree. ----- I don't get a lot of sleep. My room is filled with muted horror, and I get jerked awake every time I miss a gasping breath of stinky horror. But I'm determined to start my new life tonight, and I'd rather stay awake than sleep and find a bloody bathroom. Plus there's Ell when I take the opportunity to roll over. "What happened?" He manages to make his bed sounds disgustingly comfortable. "Nothing happened," I lie. "I just needed a shower." I nod my head to his bed. "I hope you don't have an accent, Elliot. Maybe from another world, or some sort of foreign country, but you sound like you're not even from the United States." I heave my voice out in a tiny whine of dissatisfaction. I don't even know if there are other countries, but there are certainly dozens of other worlds and tiny countries that are filled with people of all skin tones. Elliot assures me, "There are four countries in the United States." "Well, I'm from one of them." I roll my eyes. "I have two grandmothers who are foreigners. I've lived in California my entire life. So take your chances and believe what you want. I just can't handle your voice. It's so American." He nods his head. "I'm American. It just so
