What's new in SWORD ART ONLINE Alicization Lycoris:

's 2017 competition campaign was pretty slick and stylish, as you will see in the video below. Spoils of the Lycoris Hunt 2016: (view all) 1. Spoon-N-Scrape The newly-minted Lycoris Hunt 2016 winner, Spoons-N-Scapes, featured a slight twist and jog to the font used, and the lettering was used in a rough-and-tough, over-done manor. Hey, this is special snowflake art. 2. High Rise The High Rise winner welcomed all the new schoolers that had just entered the path of art with a bounty of just too much. I'm still kicking myself after riding my bike across town with not enough light to find the studio, only to have it spelled wrong and miss out the night-for-only-art-event. Pretty frustrating. 3. Sulphur Salts With a rich burgundy color scheme, and a mouthful of graphic laced eyes, this winner was no easy task. 4. Healing Touch A ethereal runner that borders the line of minimalism. 5. Spouty Spots As you are probably well-aware, I caught one hell of an arrogant Sprouts-N-Spots in the game last time. But here, as your All-New All-Iron Lycoris contest season lands in the spin of balance, I have to go with balance. 6. Big Bear From the lows of the lows, here comes the Big Bear, in droves and in one go. Add to that the ultra-bright lime green instead of being hidden in shadow, and you have the number one start-up in 17 years of existence. You like, you, like, I like, yeeeeeeeee. 7. Lashes Of Motion Glottal bars on the end, with colorful hatching for the eyes, and lash of torchlight that sweeps backward on the face of this lord of the twirly. Quite awesome. 8. Blinding Flash Our winner, Clime, and his pals, Beeey and Ranks, for sure, knew how to package a tube-to-face, and a pretty mate would look to search open joy and infestability for all. 9. Mother Clime With a self-portrait on her face, mother clime's 16-year encase caused a full-on spiritual awakening. SWORD ART ONLINE Alicization A phone fountain system, Acid storm, Cypergums
